

I'm a little human, small and strong
Here is my voice, it's singing this song
I stand up for others, yes I do
Please come and join me, can I count on you?

I'm a little human and I have choice
I make decisions using my voice
Please talk with me about what you see
So I can be informed and free!

I'm a little human, thankful and kind
Life can be hard but I keep in mind
It feels good to be thankful and notice things small
What thankful things can you recall?

I'm a little human, small and strong
Here is my voice, it's singing this song
I stand up for others, yes I do
Please come and join me, can I count on you?

I'm a little human and I have choice
I make decisions using my voice
Please talk with me about what you see
So I can be informed and free!

I'm a little human, thankful and kind
Life can be hard but I keep in mind
It feels good to be thankful and notice things small
What thankful things can you recall?
